25 August 2014

Dear Arafat

Thank you so much for your help at the Baxter on 16th August – we couldn't have managed without you!

The Perinatal Mental Health Project is vital to the health and well-being of mothers and children in Cape Town, as well as further afield.

In the first six months of 2014 we supported 4,843 pregnant women, trained 491 frontline workers, and reached both the general public and policy makers with information.

As we have to generate our own funding, none of this would be possible without the kindness of people such as yourself.

If you would like any further information please do let me know

Best wishes

Ms Andrea Harper
Development Officer
